WDS is here to connect companies to their customers with expert delivery, setup and above-and-beyond service for everything from high-tech equipment to must-have supplies. The last mile in any distribution cycle is often the toughest. WDS will handle that last mile with great attention that will make your customers feel well taken care of.

WDS is not just delivering your product, we're delivering your good name.

**We deliver
*service.***

**We deliver
*value.***

**And we deliver
*business.***

Our Locations

We are masters of Texas and its surrounding states. The highways, the byways, from cities to small towns – we know this territory like no other. We offer three strategically located logistics centers, a fleet of well-maintained trucks and a team of expertly trained personnel – all to give you the coverage and resources you need so that you can master Texas, too.

Our Monkey

That monkey is a lot to live up to. We believe in bringing you “wow” with our results, our attitude and our delivery. Our jet-pack monkey, crazy as he may seem, represents the can-do attitude and ability that WDS places at your service. He really is a lot to live up to – and we do, every day.

Our Business

WDS helps companies thrive in Texas and points beyond by providing crucial logistics support. We help you reach your customers by transporting your high-value products with superior care and handling. Our family-owned enterprise excels at providing resourceful solutions and the utmost in reliability.
